FULL-STACK DEVELOPER

ABOUT ME

After 16 years in Vietnam, I have decided to relocate to Japan and transition into web development, aiming to take advantage of my experience to make a difference. My diverse professional background has given me the ability to think out of the box, and communicate complex ideas in simple terms, making me an effective team player. I am passionate about creating functional applications to solve real-world problems, and I always look forward to new challenges and opportunities to learn and grow.

TECHNICAL SKILLS

Ruby On Rails	HTML / CSS	Heroku
Git/GitHub	Bootstrap	Figma
PostgreSQL	JavaScript ES6	Adobe Suite
Stimulus.js	React	CAD & 3D Modeling

LANGUAGES

English: Native Level	**Japanese:** Currently learning (N5)
French: Native Language	**Spanish, Vietnamese:** Basic Knowledge

HOBBIES

DIY, home improvement	Motorsports and sim racing

EDUCATION

2023 — **Full Stack Web Developer | Batch #1388** 📍 *Tokyo (JP)*

FULL-STACK DEVELOPER

ABOUT ME

Driven by a passion for technology, and a keen interest for programming, I have recently transitioned into web development, aiming to take advantage of my experience to make a impact. My diverse professional background has given me the ability to think out of the box, and communicate complex ideas in simple terms, making me an effective team player. I am passionate about creating beautiful and functional applications to solve real-world problems, and I always look forward to new challenges and opportunities to learn and grow.
